## CompoSeal Universal Benchtop Tube Sealer

### Designed for Controlled, Safe Tube Sealing

The CompoSeal Universal is a heavy duty radio frequency (RF) sealer for medical PVC tubing. The system provides reliable operation and quick and easy handling for use in multiple settings from donation and processing to storage of blood.

The CompoSeal Universal is designed for tubing up to 6 mm in outer diameter for optimized sealing time and identical seal thickness.

Simultaneous operation capabilities for optional hand sealer
