DONJOY® ICEMAN® COLD THERAPY ACCESSORIES

DonJoy Wrap-On Pads

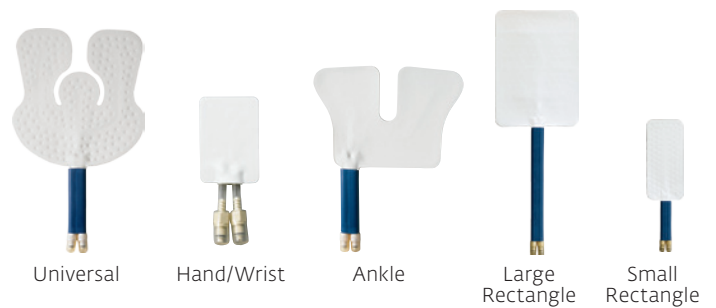

DonJoy offers a variety of different non-sterile wrap-on pad designs for delivering cold therapy to various parts of the body. Wrap-On Pads are designed with a hook engageable material and come with a wrap to secure the cold pad around the affected area. Wrap-On Pads are designed to be used in conjunction with a moisture barrier.

DonJoy Cold Wraps

DonJoy offers several cold wrap styles to use with the IceMan Cold Pads. These non-sterile cold wraps help secure and hold the cold pad in place, cover the affected area, and are designed to be used in conjunction with a barrier.

Knee/Thigh

DonJoy Cold Pads

DonJoy offers a variety of different sterile and non-sterile cold pads for delivering cold therapy to various parts of the body. Cold Pads are designed to be used in conjunction with a moisture barrier.

DonJoy Sterile Dressings

DonJoy sterile dressings provide a sterile moisture barrier between the skin and the cold pad. Sterile dressings are available in 5 different styles to use together with the various IceMan cold pads and wrap-on pads.

DonJoy® IceMan® provides a clear advantage with controlled delivery of cold therapy helping patients and medical practitioners to easily manage post-operative pain and swelling.

The IceMan cold therapy unit helps reduce pain and swelling, speeding up rehabilitation, and come with a comprehensive line of cold pads and accessories.
