

Kindest Kare[®] Advanced

Our newest technology in antimicrobial handwashing

Make Hands Matter in the Workplace

The Advanced Solution for Handwashing

Kindest Kare® Advanced is DebMed's next generation of healthcare quality, antimicrobial handwashing. Healthcare facilities are seeking antimicrobial soaps that do not contain Triclosan. To address this need, DebMed created a handwash containing an alternative antimicrobial ingredient, **Benzalkonium chloride (BZK)**. This ingredient is known to be a highly effective antimicrobial agent.

Designed with healthcare workers in mind, Kindest Kare® Advanced offers a fast acting, antimicrobial, soap designed for healthcare environments. Kindest Kare Advanced handwashes are fragrance-free, very mild, and tested in accordance with FDA proposed clinical methods for **Healthcare Personnel Handwash**. Pleasant to wash with, these soaps leave hands feeling silky.

Available in both liquid and foam formats to provide easy conversions with minimal dispenser changes.

This mild formulation is gentle on skin, and safe for frequent use.

Tested in accordance with FDA proposed clinical methods for Healthcare Personnel Handwash.

Fragrance-free for sensitive skin.

*Available in both liquid and foam formats to provide easy conversions with minimal dispenser changes.

ABOUT DEB GROUP

Deb is a world leader in occupational skin care and hand hygiene

DebMed is the dedicated healthcare division of Deb Group. Deb is a world leader in occupational skin care and hand hygiene. We have been providing dedicated skin care and hand hygiene solutions for over 80 years. Our purpose is to set higher standards in leading the fight against occupational skin disorders and the spread of infections. We are committed to working with hospitals who wish to engage and empower their employees to **Make Hands Matter in the Workplace**.

- In **2016**, in order to complement DebMed's Electronic Hand Hygiene Compliance System, **Deb Group purchased STERIS Corporation's hand hygiene** and surface disinfection business
- This **acquisition brought well known formulas** such as Alcare Plus®, Cal Stat® Plus, BactoShield®, CV® Medicated Lotion Soap, Kindest Kare®, Soft 'N Sure® and the Coverage® disinfection brands into the Deb Group
- The **STERIS Hand Hygiene and Surface Disinfectant business was integrated into DebMed**, the healthcare division of the Deb Group in order to provide added products focused on infection prevention

Deb Group is a part of SC Johnson, a privately held, family company and one of the world's leading manufacturers of products for cleaning, home storage, air care, pest control & shoe care.

By implementing the DebMed® Program you will be able to drive long lasting skin care behaviour change in your organization to improve staff skin health, reduce risk and save money.
