To Whom It May Concern,

Thank you for your inquiry regarding Bausch + Lomb Optisol™-GS.

The Directions for Use (DFU) recommends the product to be stored between 2°C (36°F) and 8°C (46°F).

Precaution must be taken to not expose the product to temperature extremes for a prolonged time. Optisol™-GS, has been tested and found to meet performance specifications for fifteen (15) days at temperatures up to 25°C (77°F) or five (5) days at 40°C (104°F). Product must not be exposed to temperatures below +2°C (35°F). No other testing has been performed.

Harvested corneal specimens must be stored as stated per the DFU.

We appreciate your continued commitment to Bausch + Lomb and look forward to partnering with you in providing quality of care and products to your patients.

Please feel free to contact us should you have any further questions or concerns.

Yours truly,

Bausch + Lomb Surgical
