

Space Infusion System Dedicated IV Administration Sets

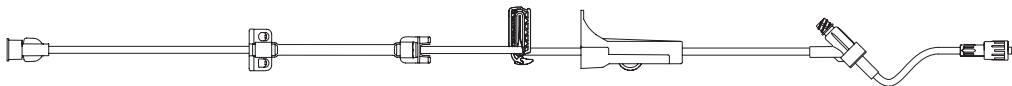

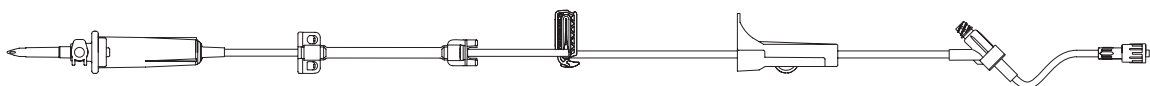

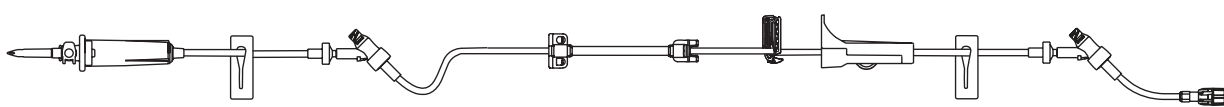

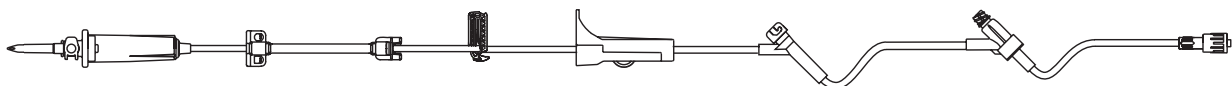

Infusomat® Space ACM Large Volume Pump

A compact, stackable, large volume infusion pump. The small 9" x 6" Infusomat® weighs only 3 pounds, which allows for flexibility and easy transport. The strong, lightweight pole clamp holds up to three pumps mounted horizontally or vertically.

Infusomat® Space Pump Sets

Components on this page do not contain DEHP or natural rubber latex.

Description	Product Code	REF Number	Units Per cs
 Add-on set, free-flow protection clamp, roller clamp, ULTRASITE® injection site 6 inches above distal end, Priming volume: 13 mL, Length: 88 in. (224 cm)	490030	490030	24
 (15 drops/mL) Universal spike, free flow protection clamp, roller clamp, ULTRASITE injection site 6 inches above distal end, SPIN-LOCK® connector. Priming volume: 23 mL, Length: 120 in. (305 cm)	490031	490031	24
 (15 drops/mL) Universal spike, slide clamp, pressure limited check valve, two ULTRASITE injection sites 88 inches and 6 inches above distal end, free flow protection clamp, backcheck valve at distal Y-site, roller clamp, slide clamp, SPIN-LOCK connector. Priming volume: 22 mL, Length: 120 in. (305 cm)	490036	490036	24
 (15 drops/mL) Infusomat Space Pump Set. Universal spike, SafeDAY valve 6 in and SafeLine injection site 10 in. above distal end, sliding SPIN-LOCK connector. Priming volume: 14 mL, Length: 101 in. (257 cm)	362005	362005	24

Perfusor® Space ACM Syringe Pump

The Perfusor Space ACM Syringe pump has the same compact design and user interface of the Infusomat. To speed set up, the Perfusor automatically recognizes syringes sizes from 3-60cc. Alarms are audible, clearly visible and differentiated using different tones.

Syringes

Designed for Consistent Performance

- Smooth plunger action and double-seal stopper
- High visibility – transparent barrel with bold graduations
- Secure backstop to prevent accidental plunger withdrawal
- Double seal stopper to prevent medication leakage
- Large, stable finger grip

Syringe Materials

- Barrel and plunger rod: Polypropylene
- Plunger tip: Polyisoprene
- Components do not contain DEHP, PVC, or natural rubber latex
